### IVECO S-WAY DRIVE THE NEW WAY

IVECO S-WAY provides a complete transport solution designed to enhance the **driver's life** on board and enable the owners to operate efficiently, profitably and sustainably.

The IVECO S-WAY raises the driver's **working** and **living** experience to a new level with the cab designed around their needs providing a **spacious** and well laid out environment rich in comfort features and advanced functionalities.

It is set to become a favourite of drivers, and their home away from home.

At a time when logistics operators and vehicle owners face increasingly fierce competition, IVECO S-WAY delivers outstanding **fuel efficiency** and **sustainability** together with low Total Cost of Ownership with its advanced technologies and innovative services.

IVECO S-WAY is a **100% connected** truck that ushers in a new era of proactive and **predictive** support. Its advanced connectivity keeps the drivers always in contact with their fleet manager, their dealer and IVECO's expert specialists, so that they are never alone on the road. It also unlocks a whole range of innovative services tailored to the customer's needs and developed to keep the vehicle on the road, operating at its best and maximising the fleet's efficiency.

With IVECO S-WAY, drivers and owners will DRIVE THE NEW WAY.

### **BIGGER ROOF HATCH**

### SHAPED HIGH-CAPACITY UPPER SHELF

### **DISTINCTIVE AND FUNCTIONAL**

### THE ALL-NEW BUMPER

The redesigned bumper offers a choice of plastic and hybrid solutions to match the requirements of your specific mission. The multi-piece bumper will protect you and your vehicle – and save on repair costs as you only need to replace the damaged section.

You can personalize the bumper and side skirts with a choice of colour and material combinations. Rubber extensions on the side skirts contribute to the excellent aerodynamics and efficiency of the design.

### GREY PLASTIC BUMPER

HYBRID BUMPER

SIDE SKIRTS

### FULL LED HEADLIGHTS

The new-design full LED headlights will ensure you have all the visibility you need. The twilight sensor on the windscreen automatically turns on the low beam in low-light conditions. Cornering and bending functions improve the driver's visibility when turning.

## A NEW WAY TO RELAX

Sit back and make yourself at home in the IVECO S-WAY.

Enjoy every moment of the journey, behind the wheel and in the cabin, with the fully redesigned interiors.

### **PREMIUM DRIVING COMFORT**

The entire driver area has been created to provide more space and excellent visibility. Every single detail has been carefully studied to meet the driver's expectations on the road.

Customize your seats with leather or fabric upholstery and enjoy the luxurious comfort of the cushions.

Choose the soft touch or leather steering wheel, both available in the classic shape or with the distinctive flat base.

### **EVERYTHING IN ITS PLACE**

The spacious new cab offers all the storage you need, with well laid-out capacious compartments. The shaped upper shelf has a massive capacity of 250 litres.

The outer compartments offer a massive storage capacity of up to 380 litres.

Folding table integrated in the dashboard on the co-driver's side.

Wide selection of refrigerators with capacities up to 100 litres and available with freezer.

The new open glove compartment includes a 1.5-litre bottle holder.

### **REST, RELAX AND SLEEP WELL**

The symmetrical layout of the night area has been designed so you can enjoy a good night's rest in great comfort. The one-piece lower bunk offers a choice of soft or hard mattress.

Choose from the Smart or Comfort upper bunk, which can be used as a luggage compartment or a passenger bed.

You can sleep safe with the central locking system integrated The rotary switch controls the light selection and dimming. with the night-time safety lock.

Two USB ports are located on the upper pockets of each wall.

You can control all the functions you need, such as lighting, heating, radio or doors, from the bed module and on the MYIVECO Easy way App.

### LIT TO PERFECTION

The S-WAY is 100% full LED - inside and out, including the clearance lights. The new LED lights provide the perfect illumination inside the cab and on the road for safe night-time driving.

The IVECO S-WAY cab line up offers a choice of cabs to match your mission: the AS sleeper cab, the AT sleeper cab with low or medium roof, and the AD short cab with low roof.

#### AT Cab

Lower bunk length 1950 mm, width 540 mm, upper bunk length 1850 mm, width 680 mm.

### **RIGID VERSATILITY**

The IVECO S-WAY offers a full range of rigids, in diesel and Natural Power versions, suitable for all missions – from municipal applications and deliveries to swap body. The robust and durable chassis makes it a favourite of bodybuilders for the ease and wide variety of possible builds.

### A NEW WAY TO MOVE

Lower costs for you, lower impact

IVECO is the market leader with a full new line-up of natural power engines. Performance and sustainability together

### THE NATURAL WAY

The new IVECO S-WAY cab, teamed up with the most mature natural gas technology on the market, is the undisputed sustainable leader for long-haul transport.

### ECONOMIC SUSTAINABILITY

The natural way gives you the competitive advantage with a truly 'green' and profitable solution for long-distance transport with best-in-class Total Cost of Ownership.

### EFFICIENT ENVIRONMENTAL SUSTAINABILITY

IVECO S-WAY NP maximises the advantages of the most environmentally-friendly fuel to improve air quality, mitigate climate change and contribute to a quieter environment with just 71 dB(A) Piek Quiet Truck when running in Silent Mode – ideal for night-time deliveries.

#### NATURALLY LONG-DISTANCE

IVECO S-WAY NP is the first gas-fuelled truck in the market specifically designed for international long-haul transport with exceptional autonomy of up to 1600 km.

# **RIGID, THE NATURAL WAY**

IVECO S-WAY NP 2- and 3-axle rigid has been designed to provide a sustainable transport solution for urban and regional distribution. Its green and quiet operation opens access to city centres, densely populated areas and highly regulated low-emissions zones.

### EXPERT SUPPORT FROM THE TECHNOLOGY LEADER

support across Europe.

for particulate matter

for  $CO_2$  with biomethane

IVECO has pioneered natural gas technology for more than 20 years, developing a widespread network of IVECO service points specialised in LNG and CNG technology, which provide

### **MAXIMUM TANK FLEXIBILITY**

### A COMBINATION FOR EVERY MISSION

You can choose from a wide offering of tanks of varying types, shapes and sizes which can be combined to meet the requirements of your mission.

You can order the most suitable solution:

- right sideleft sidebehind the cab
- on the chassis

LNG - right side

CNG - right side

CNG - behind the cab

### **BEST-IN-CLASS FUEL AUTONOMY**

LNG tanks for standard tractors come in 4 sizes to free up the space you need on the chassis for your mission.

LNG - up to 1600 km

LNG - up to 1400 km

LNG - left side

CNG - left side

30

LNG - up to 1150 km

LNG - up to 800 km

### **EFFICIENTLY POWERFUL**

### **HIGH-EFFICIENCY ENGINES**

The IVECO S-WAY offers a wide choice of Euro VI/d diesel and natural gas engines to suit all applications.

The diesel engines, with 3 displacements and power ratings ranging from 310 to 570, deliver class-leading power. They are also available in natural gas versions that offer clean running and quiet operation.

### **FUEL-SAVING DEVICES**

- Smart Engine Auxiliaries prevent energy waste when their operation is not necessary:
- Air Clutch Compressor
- Smart Alternator Variable Steering Pump

### **IVECO HI-CRUISE**

The IVECO HI-CRUISE GPS predictive driving system integrates driving assistance functions such as eco-roll, predictive gear shifting and predictive cruise control using state-of-the-art GPS mapping technology. The 12-speed HI-TRONIX automated transmission with electronic clutch offers the most advanced transmission with category, best-in-class torque-to-weight ratio and long transmission oil change intervals.

The Anti-idling feature avoids long periods of idling, automatically shutting off the engine.Smart EGR increases combustion efficiency by optimising injection timing, and reducing consumption

### **HIGH-EFFICIENCY TRANSMISSION**

# A NEW WAY TO CONNECT

You will never feel alone on board the IVECO S-WAY.

The most advanced connectivity puts you in full control of the truck, and always in communication with your fleet manager if anything comes up.

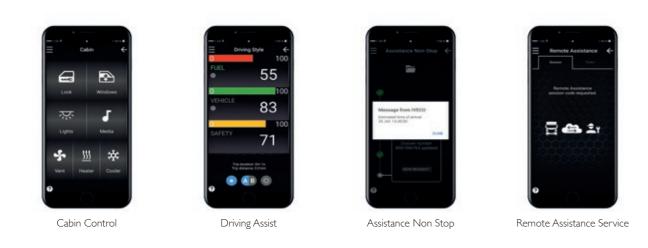

### A NEW WORLD OF CONNECTIVITY

Connectivity on the new IVECO S-WAY has been designed to help the driver operate effortlessly and efficiently, and to support the fleet manager by optimising the vehicle's uptime, fuel efficiency and Total Cost of Ownership.

### OPERATE THE EASY WAY WITH CONNECTIVITY ON BOARD

You can take your digital life on board with Apple Car Play, which enables you to mirror your mobile device on the new infotainment system and use all its functionalities in full safety while driving.

### MYIVECO EASY WAY - THE IVECO S-WAY DRIVER'S APP

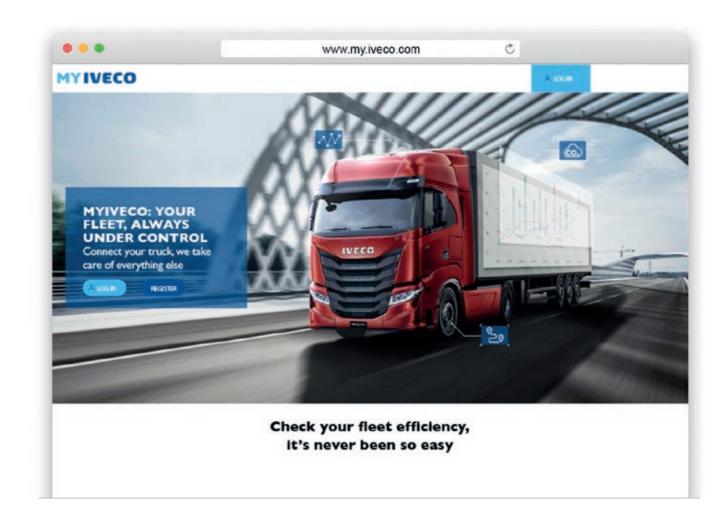

The new app, designed to make your life as an IVECO S-WAY driver easy, enables you to control on your mobile device all the cabin and vehicle management functionalities. You can also use it to activate the Assistance Non-Stop service, access remote diagnostics data and view the vehicle's Driving Style Evaluation tool. Easy.

### OPTIMISE YOUR FLEET WITH MY IVECO WAY SOLUTIONS

The new standard Connectivity Box puts your vehicle in direct communication with the IVECO team of experts who receive data in real time and monitor it round the clock to provide proactive support with the new MYIVECO WAY Solutions.

### SMART CONNECTIVITY PACK

The on-board IVECO DRIVING STYLE EVALUATION (DSE) generates weekly reports on the vehicle's and driver's performance with tips on how you can improve the driving style for fuel and vehicle optimisation.

#### MYIVECO - YOUR PORTAL AND APP

The MYIVECO portal and app enable you to monitor your vehicle's fuel consumption and your driver's driving style in real time, so you can identify ways to optimise your fleet's performance. You can also plan and book service appointments efficiently to maximise uptime.

#### MORE TIME ON THE ROAD

The IVECO S-WAY'S connectivity will help maximise your vehicle's uptime and productivity through a proactive approach with the Remote Assistance Service tool for remote diagnostics, teleservices and over-the-air software updates. It also provides a proactive service based on fault code alerts that trigger Control Room action and status of health monitoring of main components that will alert you when you need to plan a service intervention, avoiding unplanned stoppages.

### PREMIUM TAILORED SERVICES

IVECO S-WAY connectivity also unlocks a new modular service offering to help you optimise your fleet's performance and efficiency.

#### PROFESSIONAL FUEL ADVISING SERVICE

This new advanced service provides detailed analysis of your vehicle's fuel consumption and suggestions from IVECO's experts on how you can improve its fuel economy based on comparisons with mission-based ideal consumption estimates. It also provides real time monitoring with alerts on events that may affect the vehicle's fuel efficiency, such as tyre pressure or fuel and air filter clogging, also maximising your use of the truck.

#### FLEXIBLE MAINTENANCE PLANNING

The real-time data provided by your vehicle through its connectivity enables you to plan maintenance and repair interventions efficiently to reduce unplanned stops and maximise the life of the monitored components based on the real usage of the vehicle.

#### UPTIME MONITORING

In addition to the proactive support provided by MYIVECO WAY Solutions, this premium service prioritises the action required and we will follow up progress to get your vehicle back on the road as quickly as possible.

#### PROFESSIONAL FLEET MANAGEMENT SOLUTIONS

This advanced logistics and despatching service, offered in partnership with Verizon and Astrata, enables you to track and trace your vehicle with a Geofencing function and provides a Remote Tacho Download Service (RTDS).

#### MYIVECO WEB API

The MYIVECO Web Application Programming Interface (API) seamlessly interacts with your fleet management system to provide all your vehicle's data directly in your own unique system.

### **ELEMENTS**

### PICK THE SERVICES THAT PERFECTLY MATCH YOUR BUSINESS

The IVECO S-WAY offers an extensive range of services that can be tailored to your precise requirements to keep your vehicle running in top form and your business operating with a healthy bottom line.

The IVECO S-WAY introduces an entirely new level of customisation through connectivity. The real-time vehicle data it provides enables us to offer you bespoke maintenance plans based on the real use of your IVECO S-WAY - a perfect match to your business.

Alternatively, our **Elements** range offers the extreme **flexibility** that enables you to choose the combination of Planned Maintenance and Extended Warranty services for your business, and further enrich your package with the Additional Coverage elements.

### **EXTENDED WARRANTY**

### **IVECO ACCESSORIES**

The truck is much more than a vehicle: it is where thousands of people live and work every day. That's why IVECO ACCESSORIES created a range of tailor-made product to satisfy the driver's needs, improve their performance, enhance the vehicle's style and comfort, and introduce new technologies on board.

#### EXPRESS YOUR PERSONALITY

New IVECO S-WAY can be made even more exclusive with the new styling kit, mirror covers and chromed details like the new lightbar and the chromed styling kit of the vehicle.

### **TECHNOLOGY ON BOARD**

Bring the most updated technologies on board and enjoy your comfort. The new subwoofer system enhances sound quality and the new 22"TV allows you to relax at the end of a day behind the wheel. Install the new tailor-made cradle for smartphone and tablet on the dashboard: your device will be within easy reach and you will always be connected.

#### **TECHNOLOGY TO FEEL AT HOME**

Feel at home wherever you are with IVECO. The new USB LED reading light with flexible arm will direct extra light where you need it. You can comfortably cook in the cab during a stop using the microwave oven, cleverly positioned on the passenger upper shelf.

The IVECO Accessories range is displayed in full in the accessories catalogue – and online at

http://application.cnh-parts-service.eu/iveco.php

The free app can be downloaded from App Store to get exclusive access to extra images and information.

### **IVECO SERVICES**

# **IVECO** CAPITAL

IVECO CAPITAL is the captive financial services Brand of IVECO, and offers a full range of financing, leasing, rental and ancillary services for commercial vehicles. Extended warranty, maintenance and repair services, and various types of insurance, can be included in the pack\*.

All financial packs can be tailored to the Customer's needs, and apply to new, used vehicles and conversions.
